- Dimmer Switches Throughout
- Exterior Trash/ Recycling Bin
- Cedar Lined Wardrobe
- Chrome Package

WE BUILD YOUR DREAM

At NeXus RV, we believe in manufacturing a superior built motor home. Our brands — the Bentley Class A Diesel Pusher Motor home, the Evoque Class A Diesel, the Maybach Class A Gas Motor home, the Phantom Class C Motor home, the Wraith Super C Diesel Motor home, the Ghost Super C Diesel Motor home, and the Viper Class B+ Motor home — are known in the industry for exclusive manufacturing philosophies, which begin with our strong foundation of high strength low alloy 20-gauge steel framing.

We also believe there is an RV for everyone. Our company's principles reflect those of many privately held family owned companies that made the RV industry what it is today. We do what the customers and dealerships want, not what the stock market or shareholders suggest, as we are not a large publicly traded company. We are real people building RVs for real people.
